

Seminar in Australia (March 2011)

Date: 9th March, 2011

Seminar Title: The current Job Market in Asia

On 9th March, 2011, we were pleased that our President, Ms. Yoshiko Shinohara was invited to give a sharing seminar in Australia about the job market trend in Asia for the students who are studying aboard in the Business School of The Sydney University.

Around 40 students coming from Asia had attended the seminar including Japanese students and foreign students who wanted to develop their career path in Japan. We introduced the coming trend of the candidate needs and mobility of different countries in Asia as well as the job requirements and necessary communication skills.

A Q&A session was held at the end of the seminar and it was a surprise that all the candidates participated actively in asking about the job market situation and opportunities in both China and Australia, especially the increasing competitiveness job positions for female.

Seminar in Australia (March 2011)

Date: 10th March, 2011

Seminar Title: Failure is the mother of success

On 10th March, 2011, we were pleased that our President, Ms. Yoshiko Shinohara was invited to give a sharing seminar about her career path and previous experience for the local staff and students in the Women's College of The Sydney University.

Around 30 Australia girl students including one Japanese student attended the seminar. All the candidates felt interest in the topic shared by Ms. Yoshiko Shinohara, particularly the business vision and the solution towards the crash between male and female staff raised in the company. Also it would be important that candidates should try their best to achieve the way they wanted.

After the seminar, one student representative showed highly appreciation to the seminar and came up stage to thank Ms. Yoshiko Shinohara with “Arigatougozaimasu”, ending with a great success.
